What Blue's Booth needs to set-up

Venue agreement: It is the hiring client's responsibility to consult with the venue and to provide confirmation of the arrangement to Blue's Booth. You need to obtain permission for Blue's Booth to set up on the premises, agreement on the location where Blue's Booth will set up and operate, and the venue needs to agree to provide power to Blue's Booth.

Entrance and exit: Blue's Booth needs clear access within the venue property to and from the set-up area before and after the hire period, to avoid delays or an additional idle charge. This enables Blue's Booth to arrive and depart unimpeded by barriers and obstacles.

Set-up and pack-up: Blue's booth will arrive at least 40 minutes before the scheduled hire period is due to commence. Blue's Booth will need at least 30 minutes to pack-up after the scheduled hire period. If you require Blue's Booth to set-up earlier than this, then an idle charge will apply. This will be agreed at the time of booking.

Space: Blue's Booth needs adequate space to set up. This needs to be approximately 6 metres long, by 3.5 metres wide, with 2.2 metre clearance above. Blue's Booth needs confirmation of the set-up location at the time of booking from the hiring client (and confirmation from the venue).

Power source: Blue's Booth needs a power source to operate. The agreed location should ideally be within 20 metres a power source (other arrangements are possible, and we are happy to discuss at the time of booking). The power source must be a standard 240v power point.

Meet on arrival: You need to organise for someone associated with event to meet Blue's Booth on arrival and confirm arrangements and the set-up on site (location and power).

Delays or failures

Equipment failure

The operation of the Photo Booth may need to be briefly interrupted for paper changes or due to technical problems.

Blue's Booth will have the Photo Booth operational for a minimum of 80% of the hire period.

If Blue's Booth is not operational for 80% of the hire period, Blue's Booth shall refund the Package Costs according to the time that the Booth is not operational, and in proportion to the amount paid for the total hours of hire.

Events beyond Blue's Booth's control

Blue's Booth will not be held liable for events beyond our control, such as adverse weather conditions, service outages, natural disasters, unforeseen circumstances, or failure of an essential service provided by the venue (eg power).

Delays due to venue access or event timing

If Blue's Booth is late due to poor access to the venue, event congestion, not being allowed access due to the venue, the event running late, or other circumstances, we will set-up as soon as we have access, and will finish at the scheduled hire end time (regardless of duration).

If Blue's Booth is set-up and ready to operate, and the event is delayed due, Blue's Booth will finish at the scheduled hire end time (regardless of duration).

For example, if the hire period is 2pm until 5pm (3hrs), and either of the above situations occurs, Blues Booth will finish at 5pm, even though it has not operated for the duration (3hrs).

If possible, Blue's Booth may extend the hire period. This will be subject to additional costs. These will be discussed at time, depending on circumstances and availability, and must be paid immediately by bank transfer.

Delays due to unforeseen circumstances

If Blue's Booth is late due to mechanical breakdown, severe traffic delays, traffic accidents or for other unforeseen circumstances, we are happy to extend the hire to make up for the late arrival.
